### Report of extension activity

On the occasion of the celebration of Golden Jubilee year of Saurashtra University, on 06 January 2017 Smt. S B Gardi Institute of Home Science organized a program at the primary school of Kotda Sangani village in Rajkot district. The extension activity was organized under the guidance of Prof. and Head Dr. Nilambariben Dave. The main theme was "Betty, Bachavo Betty Padhavo". Under the guidance of Dr. Rekhaba Jadeja, the students performed plays, puppet shows etc. and encouraged the school children as well as their parents. On this occasion, an exhibition of posters made by the students on the theme "Betty, Bachavo Betty Padhavo" was organized by Himja Upadhyay and Jigna Dave with the help of the students and the importance of hygiene was explained to the school children. In addition, considering the changed lifestyle and health effects of food based on western culture the creation of nutritious and low cost delicious dishes based on our traditions was demonstrated by Dr. Gita Rathod with the help of the students and the children loved the taste of these dishes. The nutritional level of the children was checked by Dr. Rajesh Raval and Dr. Hasmukh Joshi with the help of the students through clinical and anthropometric methods. Deficiency of protein and iron and calcium was found in children. Throughout the program, the school principal Mr. Pradipsinh Jadeja and his team were very supportive.

### **Awareness Program Details:**

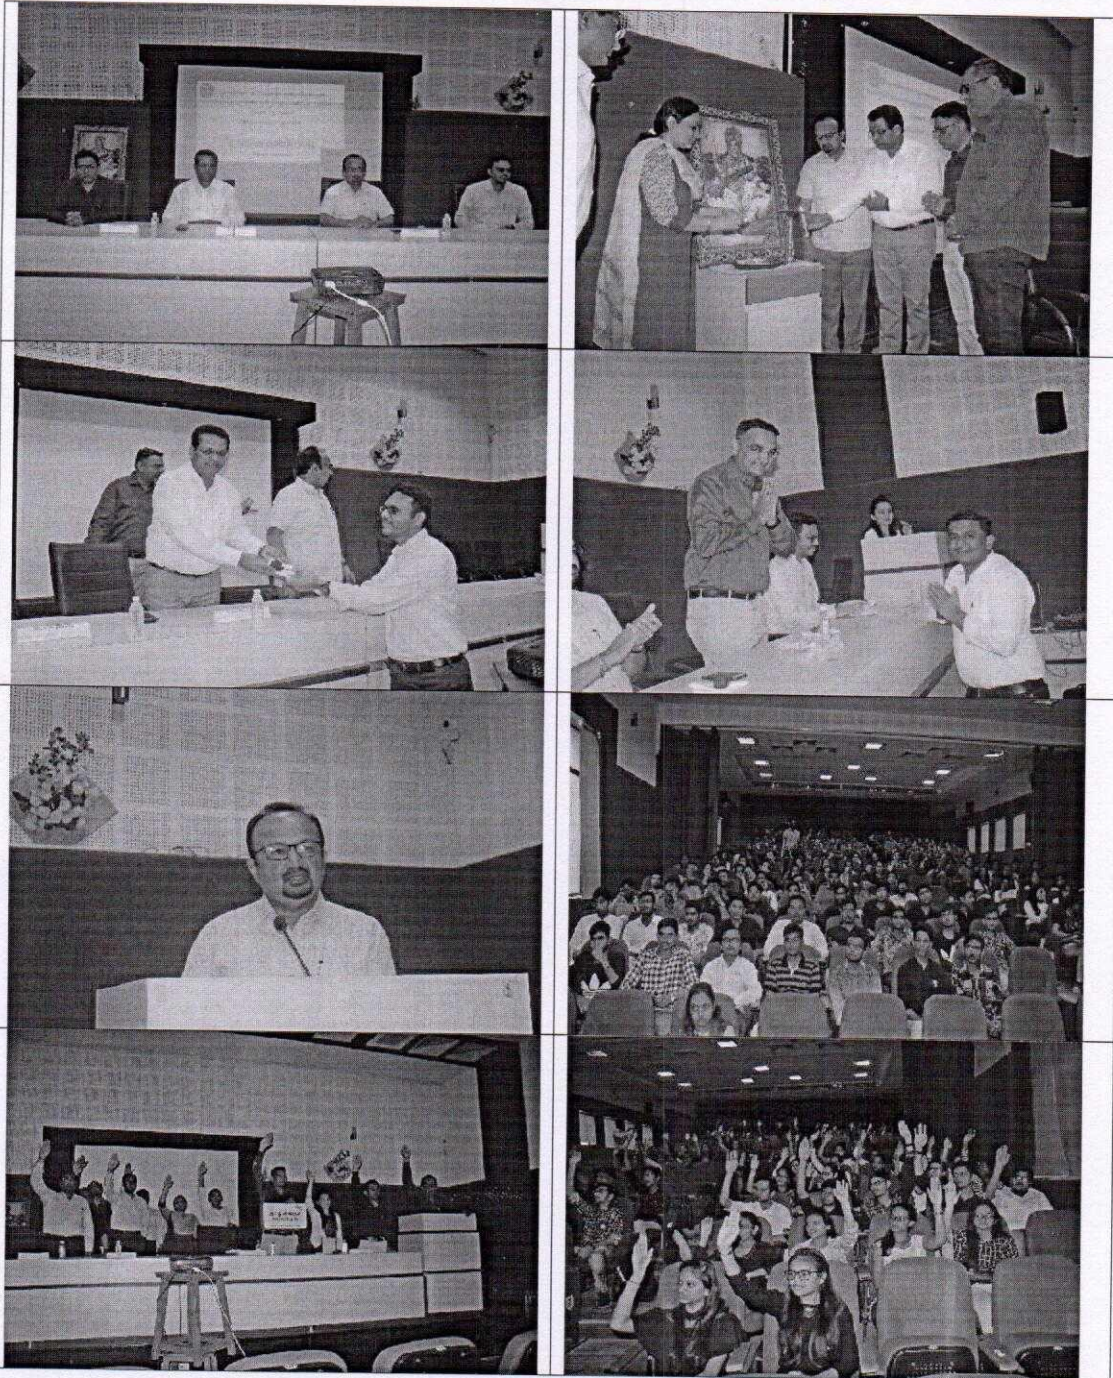

Organ donation is the process of removing an organ from one person and surgically placing it in another person. Many organs can be donated like liver, kidney, pancreas, heart etc. Transplantation is necessary because the recipient's organ has failed or has been damaged by disease or injury. Organ transplantation is one of the great advances in modern medicine. Unfortunately, the need for organ donors is much greater than the number of people who actually donate. Every day in the world, many people die waiting for an organ or they await life-saving organ transplants. Therefore, to spread the awareness of importance and requirement of organ donation in our country, an awareness program on "Organ Donation" was jointly organized by Department of Pharmaceutical Sciences, Saurashtra University, Rajkot and Organ Donation Foundation on February 14, 2019. The venue of the awareness program was Seminar Hall, NFDD, Saurashtra University, Rajkot. Approximately 250 students and faculties participated in the program.

The program started with the lamp lightening ceremony followed by floral welcome of the guests. A welcome note was given by Dr. Sachin Parmar, Asst. Prof. of Dept. of Pharmaceutical Sciences followed by introductory note presented by Mr. Nitin Ghataliya, Businessman and Social Worker. After an introductory note, a real life short film was shown to the participants to make them aware of requirement and importance of organ donation. Dr. Divyesh Viroja, Consultant Nephrologist & Transplant Physician as well as Dr. Tejas Karamta, Critical Care Physician gave in-depth information regarding the organ donation with video presentation. Presidential speech was given Dr. Vijay Dasani, Hon. Pro- Vice-chancellor of Saurashtra University and Dr. Nitin Pethani, Hon. Vice-chancellor of Saurashtra University. They assured the participants that this kind of awareness program will be conducted to make more people aware regarding the organ donation. At the end of the program, all the participants take an oath to donate their organs and make other people aware regarding organ donation, to save the lives of other people.

## Voter Awareness Program Report

Youth Voter Awareness Campaign Program under Lok Sabha General Election 2019 Voting Literacy Club (ELC) was held in Department of Gujarati on Date of 26-01-2019. The program was started at 1:45 p.m. The role of management was played by Dr. Deepak Patel. The present speaker was Department of Gujarati's Head Dr. Nitin Wadgama gave the book and welcomed.

Then the chairman introduced the speaker and tied the role of the program. The keynote speaker Mr. Jawalant Chhaya shared his thoughts on youth voter awareness about Why is voting important in a democratic country. The definition of democracy, the system of democratic governance is how everyone's case becomes in democracy. He gave an example of a house and a room and talked about how the country belongs to all of us, He said that in a democratic system, the inaction of good people is worse than the activism of bad people in a democracy stated about it. In democracy, your share is only through the vote, only then can we criticize democracy. Good or bad can only be decided by voting, so voting is mandatory. Young voters are completely free to vote. You can vote for the right candidate of any party as you wish. We have to hold elections for the benefit of the country and not for personal gain, Voting is secret. The voter has to be impartial from the party person. Not voting does not lead to opposition, but voting for an opponent can strengthen the vote. In such an interesting style, Mr. Jawalant Chhaya presented the talk of voting awareness to the students and professors of Department of Gujarati. In the end I am something as a citizen by all means. He was determined to cast a secret ballot for the country, for the state, for the nation he represents.
